### **EMERGENCY HOSPITALISATION CONSENT 2017/2018-SCHOOL YEAR**

In the event of an accident to your child/children in school it may prove impossible to contact parents/guardians immediately. In that event it may be necessary to bring the child to hospital for treatment. I'd like you to consent to this procedure should it prove necessary for your child. Please list below all children in your family attending the school. Thank you.

These details will be retained at school for contact in cases such as illness – when a child needs to be collected from school and you are not available - or exceptional closing. Exceptional closing could arise where the Principal, in consultation with the Board Chairman, may deem it impossible to open or to keep open the school for a day or part of a day even though the children have actually arrived as normal. This could happen due to the breakdown of the heating system, flooding, a severe fall of snow, etc. Where it is not possible to notify parents in advance, it is essential that current contact details are available. **Please make sure that you inform school if there is any change to these details.** Please also ensure that you discuss the arrangements with the people you have listed and inform your child(ren).
